

FOCUS Training Descriptions for CRLC 2007

Game Time

Rally your fellow DECA members and join us for a CRLC conference favorite – Game Time. In this year’s sporting adventure teams will make their way through a challenge course designed and directed by the high energy *coaching staff* from FOCUS Training. Each team will develop a game plan to overcome a variety of physical and mental challenges as they work together to rev their team for success.

Game Time athletes will share ideas related to: results driven DECA programs, how to motivate chapter members and ways to add value to their DECA experience. Game Time will be taking place Friday and Saturday so come join us, get fired up, and get your game on!

All Star Academy Chapter Presidents and State Officers

The All Star Academy is a pre-registered academy designed to give Chapter Presidents and Central Region State Officers the opportunity to network, share best practices and refine the tools needed to run successful local chapters and state associations. Learn how to empower your members to make the most of their DECA experience. Help your officer team to take leadership to a new level of excellence. The All Star Academy focuses on: promotion, membership development, how to manage a local and state officer team, and how to actively involve your members. Interact, have fun and join together with fellow CRLC chapter Presidents and State Officers to refine your leadership skills. This academy runs from 8:30-11:30AM and includes a pizza party for lunch following. All participants must report to conference headquarters if they have not previously registered for The All Star Academy.
